(From ROBERT LOZIER) 318 E Houston St, Monroe, NC 28110. Robert just completed a Heathkit Active Audio Processor (kit #AD-1304). It is effective in reducing tape hiss. Robert now has the following equipment between tape decks; 1. Active treble and bass controls to make a coarse equalization of the program material. 2. A Soundcraftsmen graphic audio equalizer. 3. Active notch filters for getting rid of recorded 60 and 120 Hz. hum. 4. The Heathkit Audio Processor. 5. and soon a SAE 5000 impulse noise remover. Robert feels the only way to compensate for tape dropouts is to destroy all the defective tape///Robert has 3500 shows and wants to trade again with others with moderate collections and who take care in their dubbing. Looking for big band and comedy/variety shows of the 30's.

(From RALEIGH BARKER) 6206 Bankside Dr, Houston, Tx 77096. Raleigh visited the Museum of Broadcasting in New York and found that most of what they had was from TV but it looks promising. Also visited the Broadcast Pioneers Library in Washington DC. They are still actively collecting and cataloguing the history of broadcasting. Raleigh had a feature article about him and OTR in THE BEACON, a local newspaper.

(From Mike Ogden) 607 Collins Dr, Tallahassee, Fla 32303. Mike is engaged in a book-length research project on Orson Welles' career in radio and would appreciate hearing from anyone who can provide information pertinent to this subject. Looking for newly circulated MERCURY THEATERS and CAMPBELL PLAYHOUSE. Also HELLO AMERICANS: THE LADY ESTHER SHOW; & ORSON WELLES LEAR ALMANAC. Especially wants MERCURY THEATER Affairs of Anatol 8/22/38; Jane Eyre 9/18/38; Oliver Twist 10/2/38; The Pickwick Papers 11/20/38; Clarence 11/27/38; The Bridge of San Luis Rey 12/4/38. Mike has some date and title corrections; The EDGAR BERGEN show where Edgar and Welles speculate about life 50 years from now is 11/5/44; The program listed as MERCURY THEATER Moat Farm Murders 1938 is really an AFRS copy of MERCURY SUMMER THEATER 7/26/46; MERCURY WONDER SHOW with Lana Turner is ORSON WELLES ALMANAC 7/5/44. The dates that recently were listed as Welles SHADOW shows in 37-38 seem to be questionable, since Blue Coal sponsored the series from 9/26/37 to 3/20/38 and then Goodrich Tires did a transcribed series in the spring and summer. Many of the Goodrich shows, however, have been listed (erroneously) as 1937. ((Perhaps Ray Stanich can help here)). Does anyone know what company currently syndicated the Harry Alan Towers radio shows such as LIVES OF HARRY LIME, BLACK MUSEUM, THEATER ROYALE, etc?

I received several flyers this month. I enclose them as a favor to my readers when there is room on a first come basis. My mail goes out first class so I must limit myself to 4 sheets a month to keep the postage 13%. Occasionally, as last month, I will do a double issue. The two flyers not enclosed will be enclosed next month. They are publicizing Nostalgia Radio News and Airwaves, both publications which I recommend.

I hope the bad weather all over the country has not affected you too badly. If this is a little late it is because another storm hit. It is now Sunday, Feb 12th.
